SINGLE MALT SCOTCH WHISKEY

The original whisky of Scotland is "malt whisky" made only from malted barley in two, occasionally three, copper pot stills. "Single Malt Whisky" is the product of an individual distillery. Our range showcases the wide and varied styles of single malt scotch with smoke driven peated whiskies, such as Laphraig and Bowmore, to lighter more fruit driven styles from the Highland and Speyside distilleries including Highland Park and Glenfiddich.
